

AFFORDABLE INTEGRATED AI
SOLUTIONS

How i3 Transform AP with Ai & Retail Intelligence

www.i3international.com

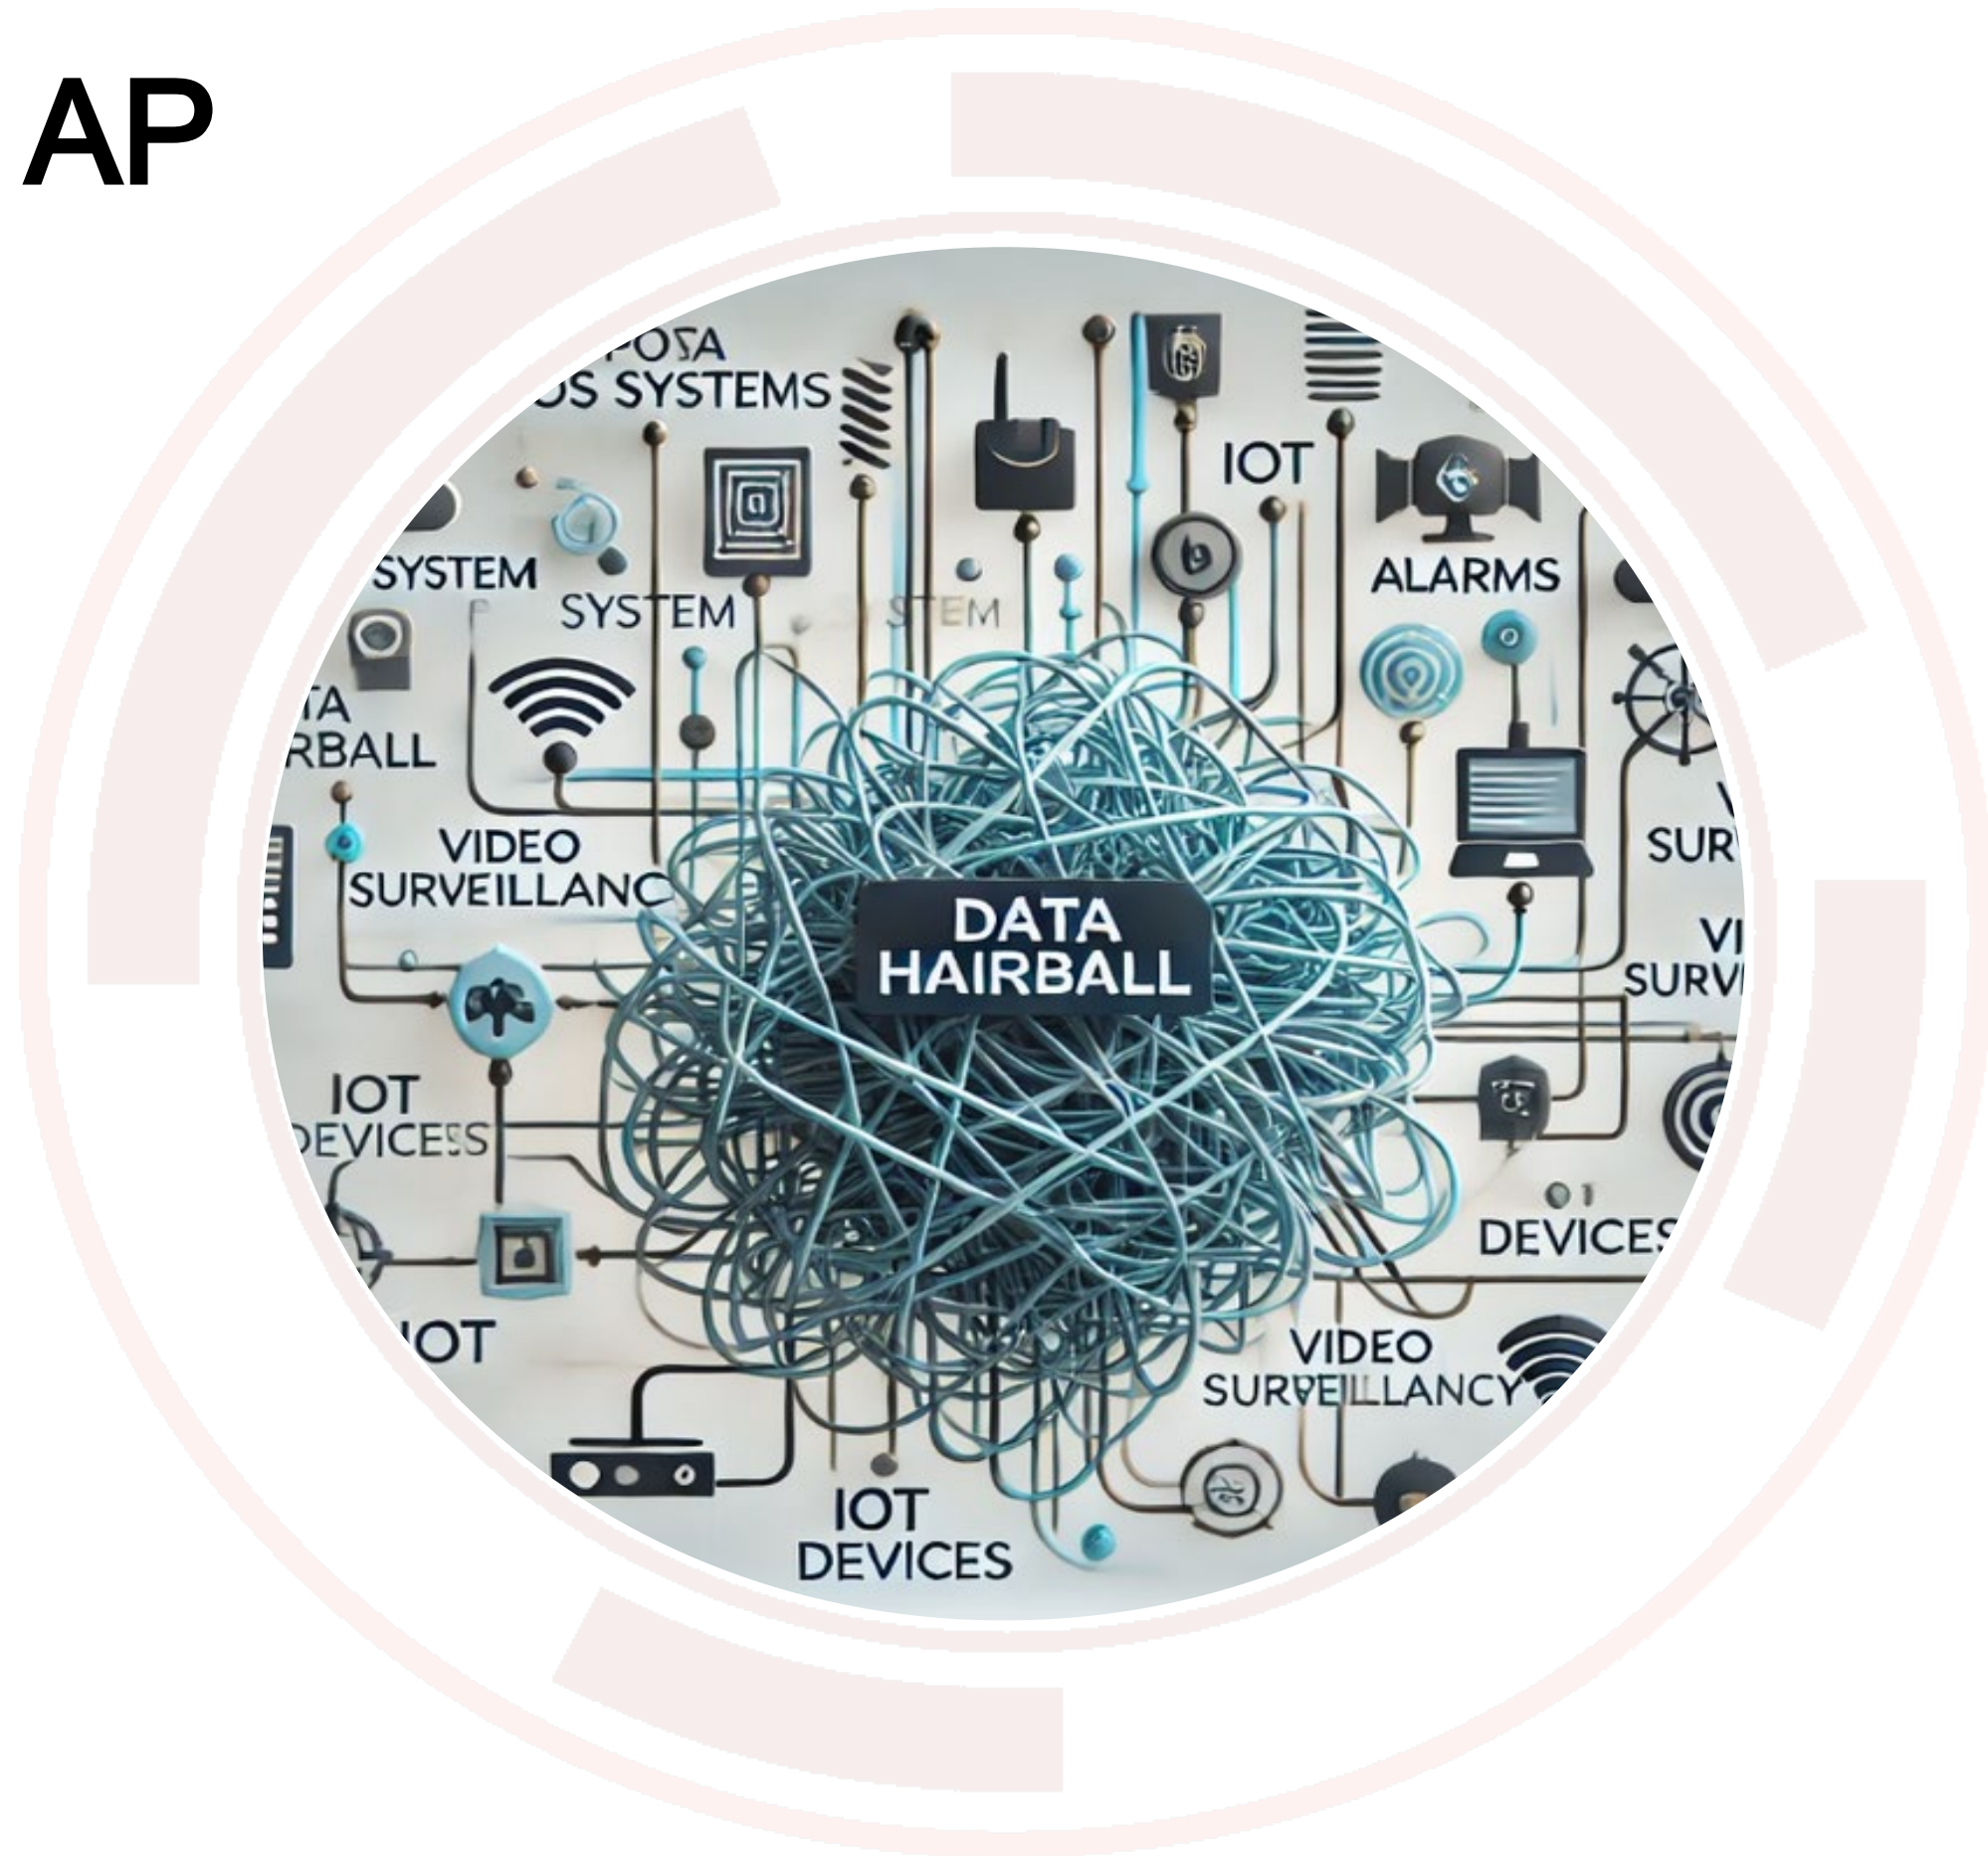

The Opportunity for Most AP Organizations in 2025

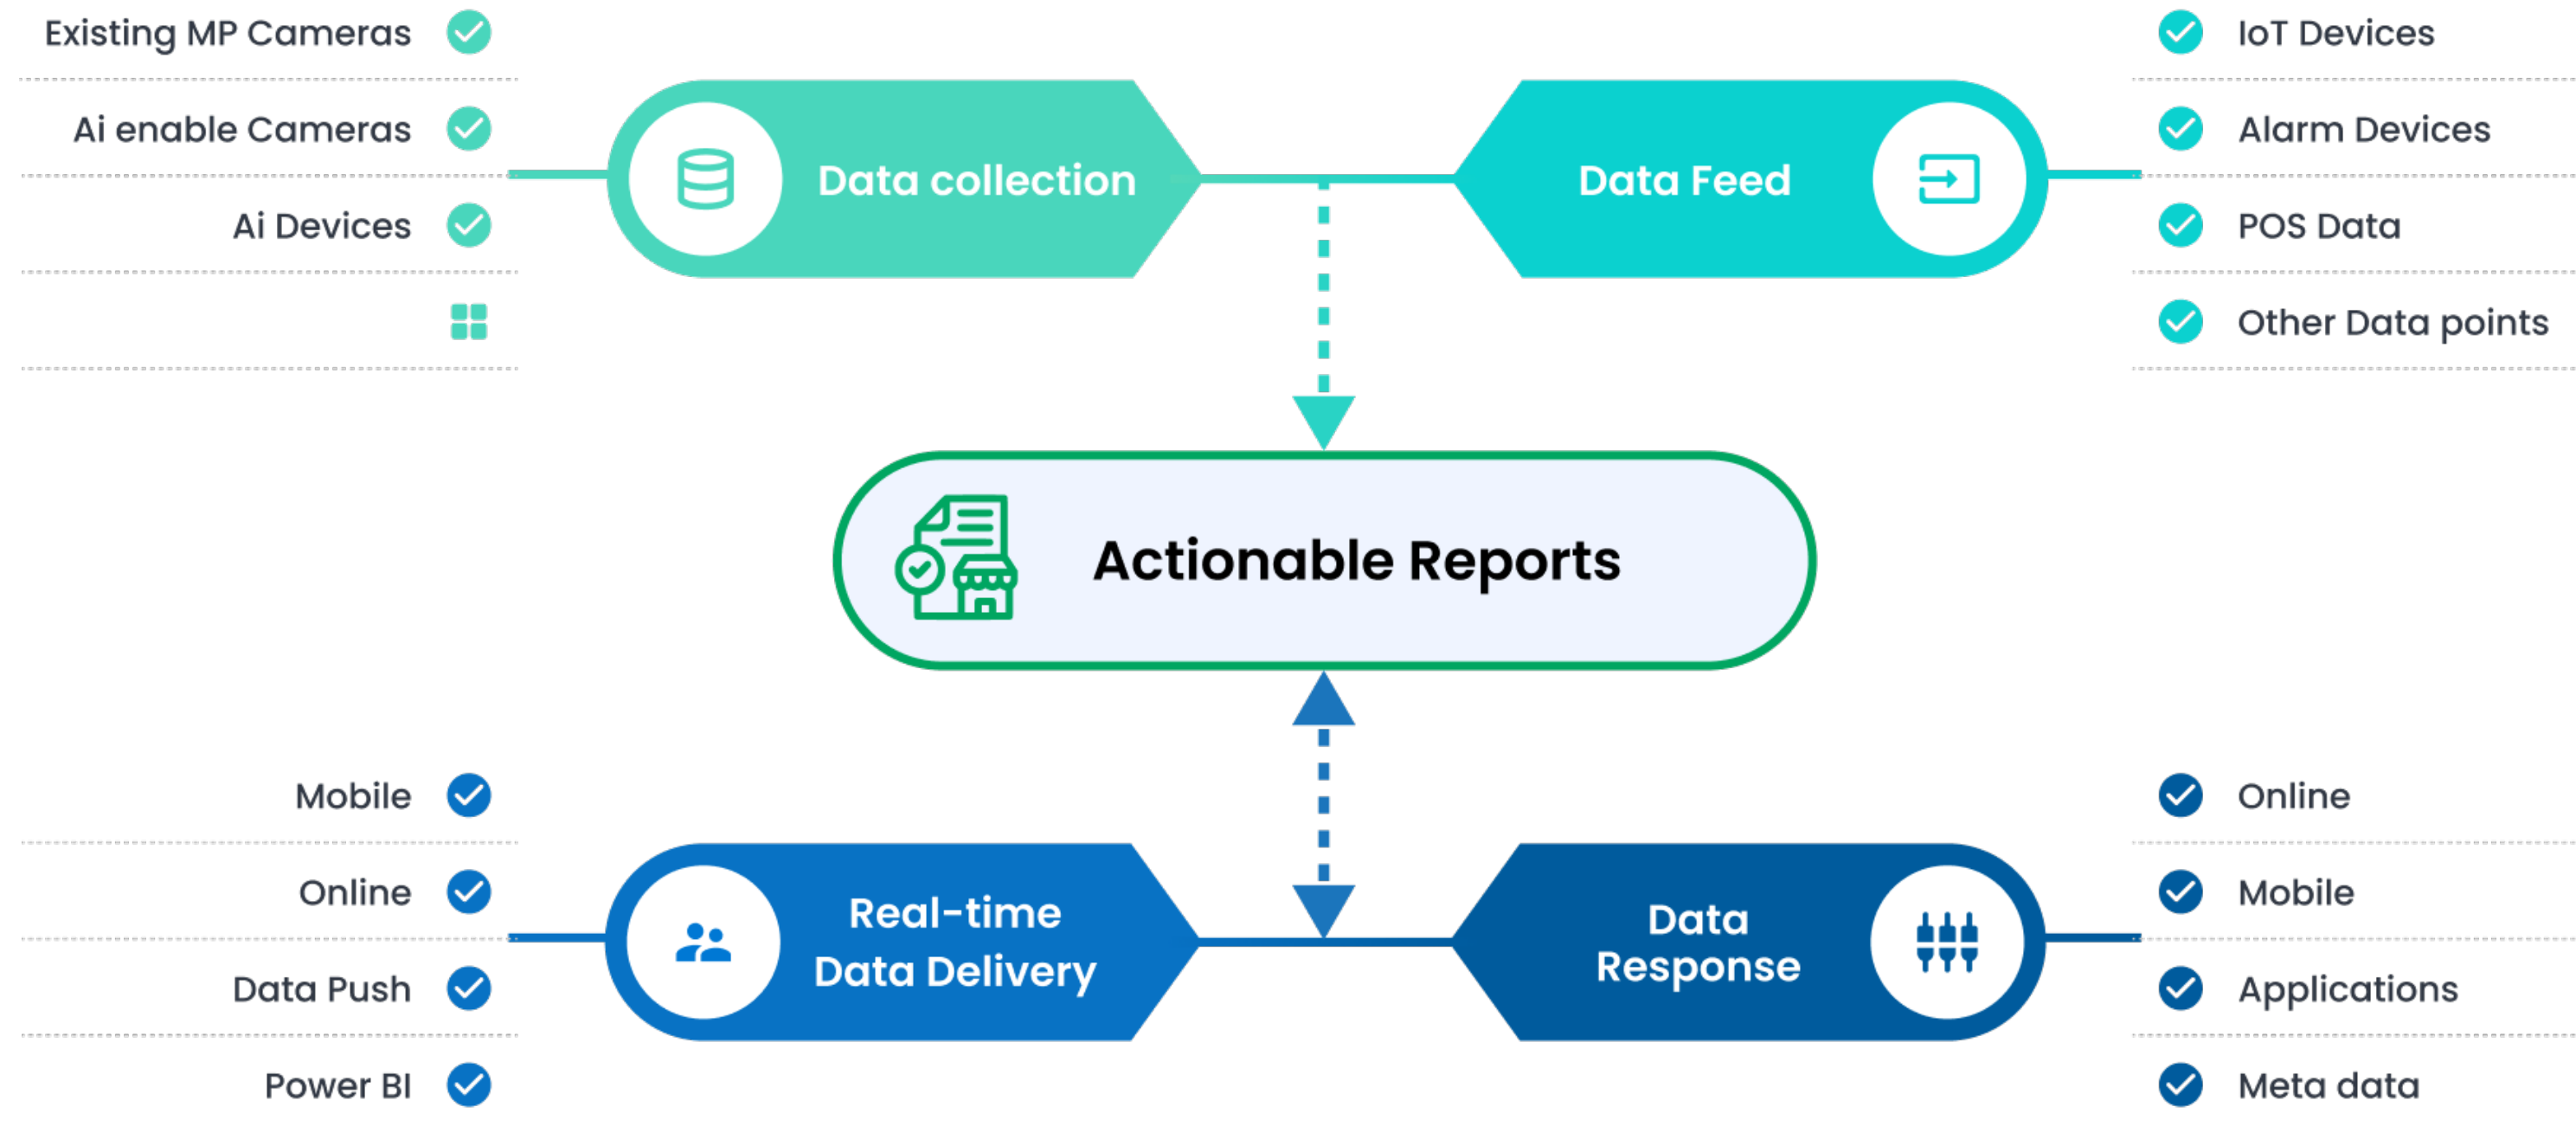

Unravelling the “Data Hairball” to improve revenue growth and employee engagement

The value for AP's lies in shifting from a perceived cost center to a proven revenue driver.

i3 Solution Framework – Built by Retailers

Asset Protection

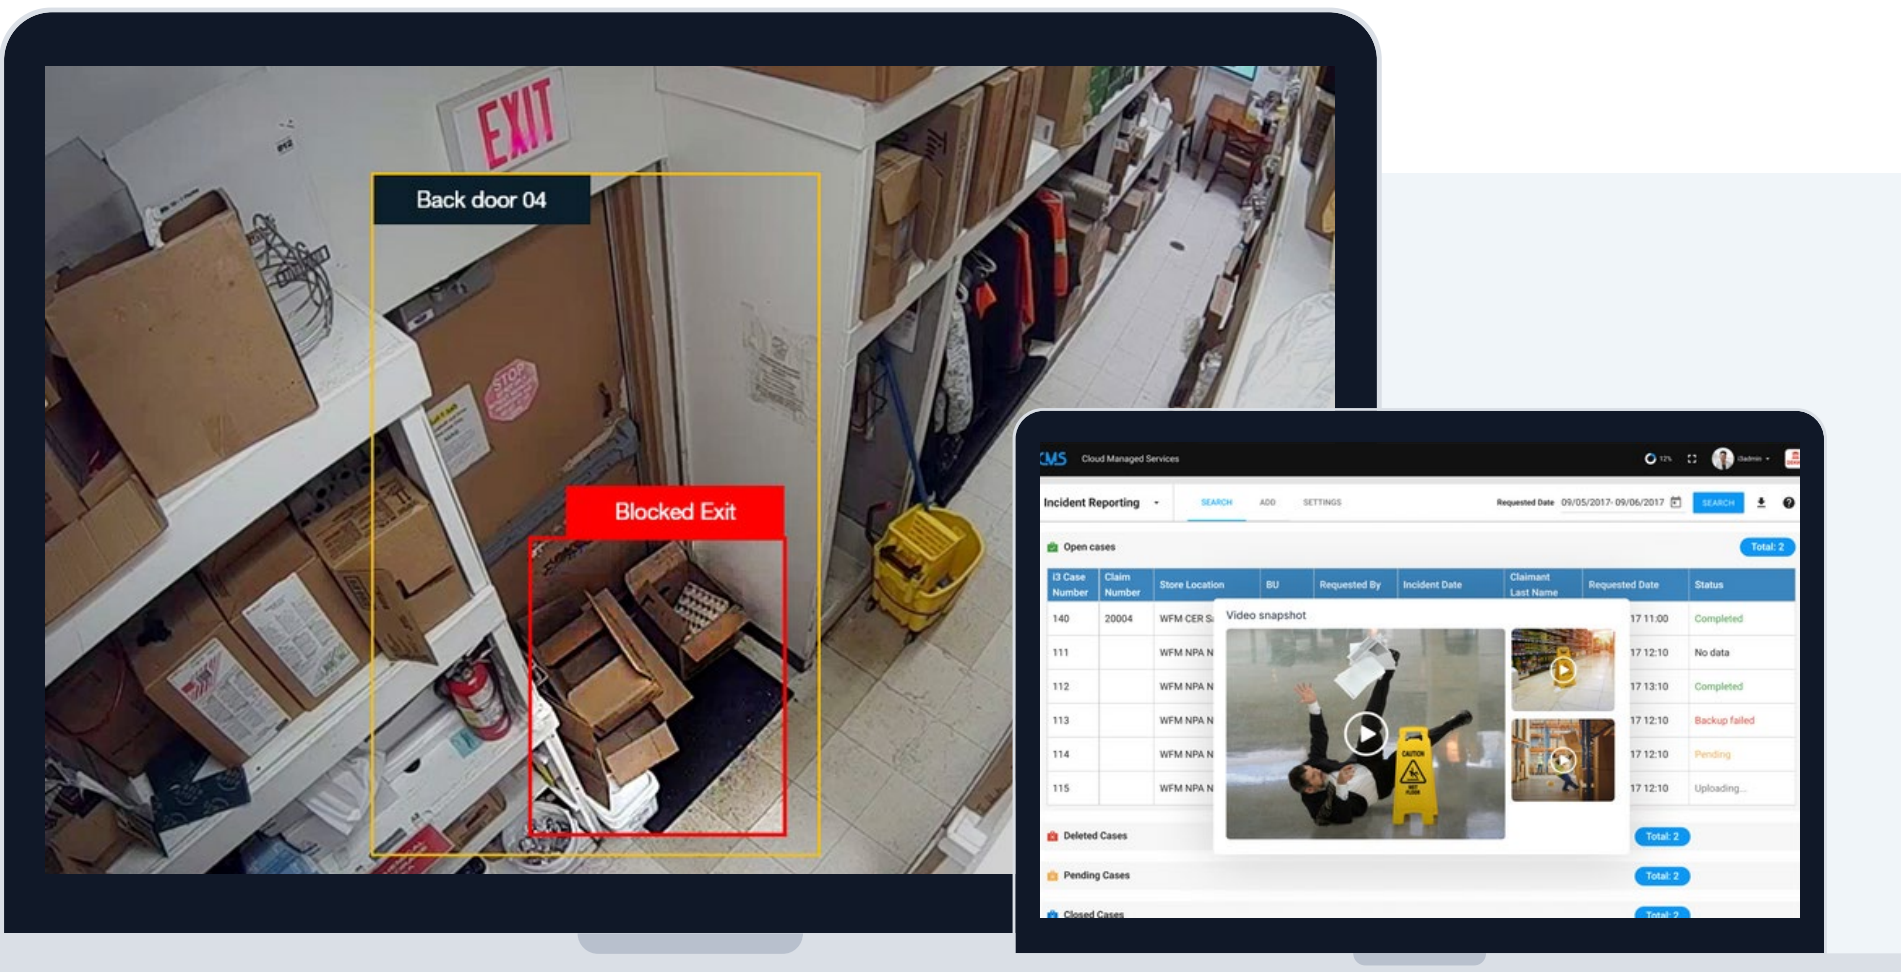

- Exception based reporting (EBR)
 - A large retailer with over \$17 billion in transactions had **4.6M hits** of one type of refund exceptions
 - By applying Ai to the data set the result was reduced to **6000 hits**
 - **37%** was internal fraud or operational compliance issues

i3Ai Compliance and Safety Management

Ensuring Workplace Safety and Regulatory Compliance with AI -Driven Solutions and Processes

- Trigger alerts for blocked doorways, fire extinguishers, fire routes, etc.
- Escalatory alert notification tree (email, SMS and Phone)
- Avoid OH&S (Occupational Health & Safety) fines

Key Benefits:

- Compliance to your safety policy
- Real-Time Alerts & Notifications
- Reducing claims (up to 88%)
